Subject: ME WQS review material

Hi USFWS and NMFS,

Attached for your review are a memo of changes and the actual draft text of amendments to Maine's water quality criteria that ME DEP intends to present to the Legislature in January. (This language supplants prior draft language that appeared in the reclassification document I forwarded to you 9/4/02; the BEP subsequently decided not to hear any comments on the WQC issues since those water quality standard issues are more appropriately heard by the ME Legislature.) Dave Courtmanch is interested in our comments ASAP. I'd appreciate receiving copies of any comments you send to the DEP.

Thanks,
Jennie

Please review and send me any comments or changes by tomorrow (asap).

Thanks for the help, Dana.
